Dear Partner,

Thank you for submitting detailed information on your housing practice titled “Legal and Policy Blueprint to Prevent Abandoned Housing Projects.” After careful review, we are pleased to inform you that your practice has been selected to be featured in the Practices Hub’s digital display at the **13th session of the World Urban Forum (WUF13)**.

WUF13 will take place in Baku, Azerbaijan, from 17–22 May 2026, under the theme “Housing the World: Safe and Resilient Cities and Communities.” The World Urban Forum is the premier global conference on sustainable urban development, bringing together thousands of participants from governments, international organizations, civil society, academia, and the private sector.

Through **the Practices Hub**, your initiative will be digitally showcased as part of a curated collection of housing practices from around the world. In addition, your practice will be featured in our online repository of good practices, contributing to the knowledge base and ongoing work of UN-Habitat. Your experience will help inspire action globally and serve as a valuable reference for advancing housing solutions.

We warmly encourage you to attend WUF13 and visit the Practices Hub. It will offer an excellent opportunity to network with peers, promote your work, and learn from other impactful housing practices from around the world.

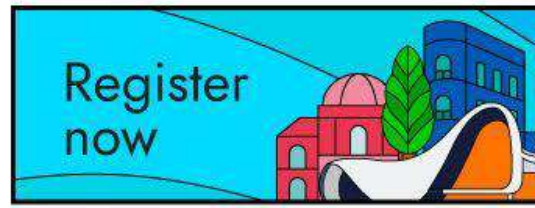

More information about the Practices Hub is available in the attached flyer.

To support the digital display, we kindly invite you to **submit one high resolution photo, in reply to this email**, that best represents your housing practice by **20 March 2026**.

Thank you once again for your contribution and for helping advance housing solutions worldwide.

Kind regards,

Emory Young on behalf of the **WUF Practices Hub Team**
